

Lubricants for today's cars.

PTFE Dry Lube

NEW

JLM Lubricants

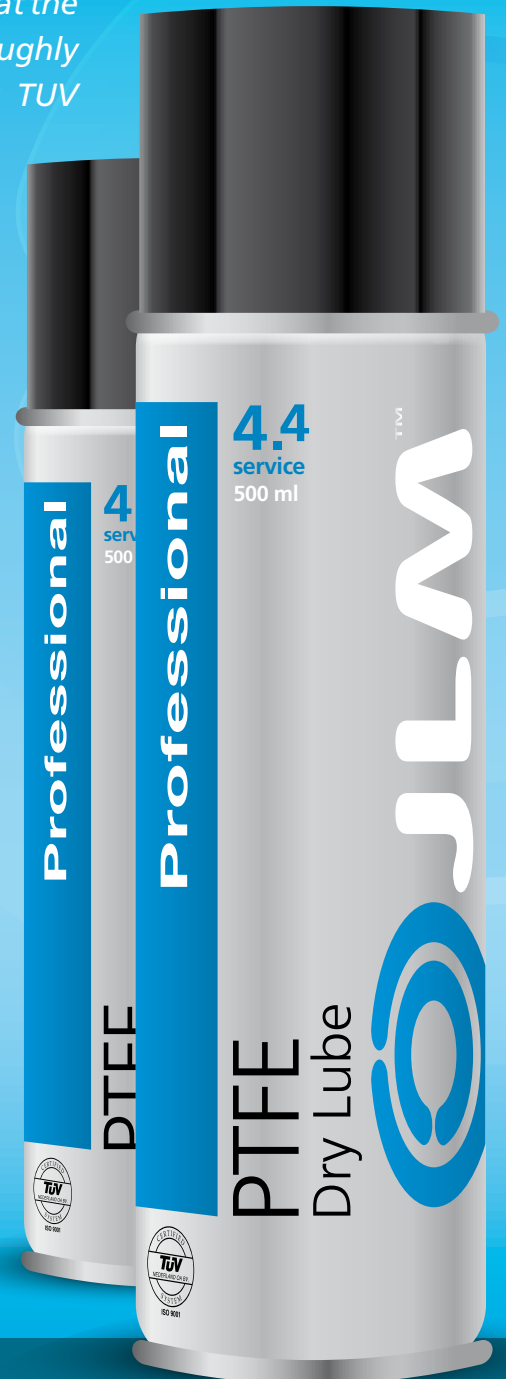

At JLM we are committed to making a range of service products that the workshop professionals can rely on to do the job quickly, thoroughly & professionally. JLM products are manufactured to exacting TUV standards, guaranteeing quality products at a competitive price

Product Information

Contains PTFE, the advanced Dry Film lubricant technology. Penetrates and bonds to most surfaces. Prevents sticking, reducing friction and wear and is highly resistant to oil, dust and dirt build-up.

Use

Apply to ; Hinges, locks, catches, pulleys, conveyors, machine parts, chutes & slides, coin mechanisms, window guides, drawers, rollers, control buttons, switches, electrical wires & harnesses.
